## 2017 Lighting Packages for Woodend Sanctuary Clients Only

### Basic Package

Bistro lighting throughout the main tent attached to the building - \$1,850.00

*Please note that if your event falls on a Saturday evening and there is an event in the morning of your event, you must get permission from Beatriz Engel and the morning client in order to have the bistro lights installed before the morning event. Set-up of bistro lights takes a minimum of 3 hours prior to the caterers coming for set-up. An additional fee of \$275 will be added to your installation should early morning installation be needed as a lighting attendant will need to be onsite during set-up for the evening event to make sure no changes need to be made or tampering with equipment has not happened during the morning event.*

### Saturday Evening Options

*Should the morning event not want the bistro lights installed prior to their event on Saturday – here are lighting options that are available for a reduced price or as add-ons to the basic package:*

- Perimeter lighting in the tent with bistro or twinkle lights - \$1,000
- Small hanging votives or large glass lanterns in the two trees directly behind and outside of the tent - \$375
- LED and Wireless Uplighting around the tent perimeter and inside the mansion – up to 670 shades available - \$1,500

### Deluxe Package

This package includes the bistro lighting from the basic package in addition to our team also hanging the following options – please choose one for a package price of \$2,500:

- Glass votives
- Larger glass lanterns in various sizes and shapes. Photos available upon request
- Paper lanterns in colors of your choice to match your décor

Elegance & Simplicity, Inc. also provides wedding coordination, consulting, designing and planning along with floral design, décor and rentals. Should you desire to use Elegance & Simplicity, Inc. for these additional services, you will receive an automatic 10% off your lighting package.
